Dear <<First Name>>,

Hope you and your families are healthy and staying safe during these uncertain and unprecedented times.

The coronavirus will not stop AIF's ongoing commitment to tens of thousands of migrant families in India who are struggling to survive the loss of income in the ongoing COVID-19 crisis and the medical community that so urgently needs protective gear and lifesaving equipment to protect themselves and save lives. Those who depend on us most cannot wait for "normalcy" to arrive.

As we approach #GivingTuesdayNow on May 5, 2020, a global day of giving and unity as an emergency response to the unprecedented need caused by COVID-19, please consider making a gift to #AIFCOVID19RESPONSE. All donations are tax-deductible, and 100% of funds go directly to those in need. Even in times of crisis, our work is desperately needed. Your support is appreciated now more than ever. Together we are stronger!

With gratitude,

Nishant Pandey
CEO
American India Foundation (AIF)

AIF PARTNERS WITH WCK TO PROVIDE 20,000 MEALS TO FRONTLINE HEALTH WORKERS IN THE US

AIF has partnered with World Central Kitchen (WCK) for our COVID-19 Response in the US. Through this partnership, we will serve 20,000 meals to frontline health workers in under-resourced hospitals across NY, BA, Boston and Chicago, and in the process, support local kitchens and jobs too. We want to thank the AIF Board and EXL for putting together a seed fund to make this important work possible. [Read More]

AIF'S COVID-19 RESPONSE REACHES 100,000 PEOPLE ACROSS 14 STATES

As the number of COVID-19 cases are increasing, so are the needs of children and families in India. Despite access restrictions, AIF's teams are working around the clock with 14 state governments and our robust local partner network to deliver much-needed supplies and help protect more than 100,000 migrants, families, and children across India. Our priority is to ensure that life-saving supplies continue to reach the most vulnerable communities.

Help AIF protect and support communities affected by Covid-19. [Donate Now]

CHILDREN FROM MIGRANT COMMUNITIES NEED TO CONTINUE THEIR EDUCATION

In this article, Dr. Swati Jha, Director of AIF's Learning and Migration Program (LAMP) sums up how LAMP has been working in communities affected by distress seasonal migration for the last 15 years, and how children enrolled in the program's interventions have shown marked improvement in their learning outcomes. She also highlights what needs to be done to secure a better future for children from migrant communities. [Read More]
