

The logo for the American India Foundation (AIF) features the letters 'AIF' in a large, white, serif font on a dark blue background.

AMERICAN
INDIA
FOUNDATION

Two large, intricate mandala designs in shades of blue, brown, and gold are positioned on the left and right sides of the page, framing the central text. The mandalas feature complex geometric and floral patterns.

Gala BAY AREA

SATURDAY, JUNE 1, 2024

SAN FRANCISCO CITY HALL

1 Dr. Carlton B Goodlett Place, San Francisco, CA 94102

SPONSORSHIP OPPORTUNITIES

History, Mission, and Vision

Amidst the devastation caused by the Gujarat earthquake in **2001**, US President Bill Clinton and Prime Minister of India Atal Bihari Vajpayee recognized the need for a philanthropic platform that would connect the civil societies of both countries. That conversation brought together business and civic leaders in the US to form the [American India Foundation \(AIF\)*](#), a secular, purpose-driven, impact-oriented entity powered by connection, community, and the commitment to drive social change in India, while strengthening the bridge between the civil societies of the world's two largest and most powerful democracies.

AIF designs bold solutions to complex problems for communities that need it the most. Our unique value proposition is our capacity to **create broad engagement** between central and state governments, NGO partners, local communities, civil society, and technical experts to work at the **systemic level to leverage transformation at scale**. With poverty alleviation and gender equity as our guiding pillars, we have generated sustainable positive impact for millions across the most remote parts of India in **maternal and neonatal health, education, and livelihoods**. Cultivating a robust platform for leadership development, AIF's fellowship program nurtures the next generation of social leaders to drive leadership in thought and action across these categories and beyond.

To date, **AIF has impacted 16.5 million lives across 35 states and union territories in India**. Thanks to our [Maternal and Newborn Survival Initiative \(MANSI\)](#), mothers deliver their babies safely with AIF-trained ASHAs, who help their children stay healthy and flourish. Through our [Digital Equalizer \(DE\)*](#) program, students have access to quality education and technological literacy, enabling them to seek better career paths and break out of their familial cycles of poverty. [Learning and Migration Program \(LAMP\)*](#), addresses the complex issues faced by children at-risk of migration, providing them with the education, resources, care, and support they need to break the cycle of poverty. LAMP ensures that children from migrant families stay in school and acquire strong fundamental skills.

None of this would be possible without our focus on our mission, our vital partnerships, our consistent capacity to execute at scale to maximize results, and, most importantly, the **generosity of our supporters**.
